January 8, 1931

Engineering News-Record

A Consolidation of Engineering News and Engineering Record

A JOURNAL OF CIVIL ENGINEERING AND CONTRACTING

ISSUED WEEKLY

VOLUME 105

July 3 to December 25, 1930

McGRAW-HILL PUBLISHING COMPANY, INC.
TENTH AVENUE AT 36TH STREET
NEW YORK

Published weekly. $5 per year. 25 cents per copy. Entered as second-class matter April 11, 1917, at the Post Office at New York, N. Y., under the Act of March 3, 1879. Printed in U. S. A.

INDEX TO ENGINEERING NEWS-RECORD

VOLUME 105—July 3 to December 25, 1930

	Page
July 3	1 to 42
July 10	43 to 80
July 17	81 to 120
July 24	121 to 158
July 31	159 to 196
Aug. 7	197 to 238
Aug. 14	239 to 276
Aug. 21	277 to 314
Aug. 28	315 to 352
Sept. 4	353 to 394
Sept. 11	395 to 438
Sept. 18	439 to 478
Sept. 25	479 to 516
Oct. 2	517 to 558
Oct. 9	559 to 596
Oct. 16	597 to 636
Oct. 23	637 to 674
Oct. 30	675 to 712
Nov. 6	713 to 754
Nov. 13	755 to 792
Nov. 20	793 to 832
Nov. 27	833 to 870
Dec. 4	871 to 912
Dec. 11	913 to 950
Dec. 18	951 to 992
Dec. 25	993 to 1032

A

ACCIDENTS AND ACCIDENT PREVENTION

Four men overcome by gas at Kitchener sewage plant 894
Trolley runs off open bridge in Brazil.. n111
Two fatalities on N. Y. water tunnel... n823
Advertising:
Special taxes and fees on billboards. J. W. Martin 776

AERONAUTICS

Accidents:
To falter or fulfill e559
Aircraft plant in Quebec completed.... n472
Airports:
Bolling Field to be enlarged n113
Detroit airport dedicated n433
Discussed by American Society for Municipal Improvement 657
Fire in Chicago's municipal airport. n29
Fire risks e81
Lakes as airports e479
Runways—two-course asphalt surfacing. N. H. Angell *215
St. Paul builds an airport one mile from post office. W. N. Carey.... *292
Design factors and structural details of the airship dock at Akron. W. J. Watson *135
Endurance flights e315
Hangars:
Built of steel sections 903
Concrete airship hangar of bold design at Sevilla, Spain *324
San Francisco Bay airdrome at Alameda n187
Sevilla hangar replica of those at Orly Societe Anonyme des Entreprises Limousin 1 896
Landing fields:
New Jersey forbids use of lakes by aircraft n507
Mapping by airplane influenced by weather. E. H. Corlett *462
Air conditioning:
For railroad cars 802
Alloys:
For welding copper 78
Aluminum:
Shop crane built of strong aluminum alloy. Hartmann & Hartmann..... *615

AMERICAN ASSOCIATION OF ENGINEERS

Annual meeting n628
American Association of Port Authorities:
Meeting n544
American Institute of Steel Construction:
Review progress and business 731
Right approach e713
American Public Health Association:
Sanitary problems 737
American Railway Bridge and Building Association:
Annual meeting n705
American Road Builders' Association:
Appoints Grubb for county road work.. n73
American Society of Agricultural Engineers:
Meeting n942
American Society of Municipal Engineers:
Deserved honors e637

AMERICAN SOCIETY FOR MUNICIPAL IMPROVEMENTS

Changes name to Municipal Engineers.. n668
City problems discussed 657
New christening e637

AMERICAN SOCIETY OF CIVIL ENGINEERS

Cleveland meeting n75
Cleveland regional problems discussed.. 98
Discuss basic problems of a large city.. 577
Engineers receive prize awards..... n111
Meeting of board of direction n543
Membership qualifications 1 430
Theme programs e560

AMERICAN SOCIETY FOR TESTING MATERIALS

Cement, concrete and other materials at meeting 58
Committee plans further cement research. n630
Materials and industrial economies..... e2
New Standards adopted n471
Research and standardization work discussed at meeting 20
American Welding Society:
Discusses tests and practice 540
Welding advocated for tall buildings by G. D. Fish n507
Ammonia feeding apparatus *117

AQUEDUCTS

Colorado aqueduct — Parker route approved n1024
Colorado River — Parker route recommended for aqueduct *854
Los Angeles water demand hastens aqueduct extensions 429
Stored water—how to get, preserve and improve it. E. B. Whitman..... *416
Wanaque aqueduct—final costs..... n471
Ash removal without dust or noise *514

ASPHALT

Asphaltic-limestone paving methods in Alabama highway. F. A. Salmon.... *524
Developing a paved invert culvert pipe. *846
Expansion joint with embedded resistance wire *33
Plant in St. Louis. R. D. Kneale..... 1 584
Rock-asphalt surfacing laid on old penetration macadam. Grant Faith..... *18
Rotary pressure mixer basic unit in St. Louis asphalt plant *377
Surfacing for low-cost highways 934
Two course asphalt surfacing for airport runways. N. H. Angell *215
Asphalt Institute:
Paving conference 934
Associated General Contractors of America:
Meeting at Charlotte n944
To join International Building Federation n629
Associated Pennsylvania Constructors:
Complete ten years of association..... n705
Successful association work..... e713
Association of State Engineers:
Discuss problems of their religion..... 931
Association of State Highway Officials:
Discuss administration and finance..... 852
Meeting in Pittsburgh n862
Road work for 1930 ..... n824
Association of Western State Engineers:
Semi-arid West discussed n826
Associations:
Dead wood in technical societies..... e519
Dead wood in technical societies. L. W. Mahone 1 860
For program makers e597
Australia:
Canberra, Australia's new capital in the making *876
Austria:
Large construction program n984
Awards:
John Fritz medal to Rear Admiral Taylor n666

B

Barges:
Loading heavy levee machines for barge transportation. J. C. French..... *337

BEAMS

Derivation of theories underlying mechanical methods of stress analysis. C. B. McCullough *489
Effect of beam deflection simulated by adjustable testing device. J. R. Shank *66
New series of tests compares beam and control-cylinder stresses. Slater & Lyse *95
Properties of sections experimentally illustrated. F. T. Llewellyn *971
Scheduling reinforced-concrete beams and joists. W. R. Nelson *147
Spacing stirrups in concrete beams. R. R. Martel 822
Spacing stirrups in concrete beams without aid of diagrams or tables. A. R. Jessup 340
Bearings:
Felt seal protects ball bearings..... *313
Belts:
V-belt drive on compressor installation.. *274
Billboards. (See Highway economics.)
Blasting:
Five concrete stacks demolished by burning and blasting. W. B. Hartshorn.. *284
Hydraulic cartridge wrecks concrete piers. E. J. Brunner *66

BONDS

Akron, Ohio, not to vote on sewer bond issue n471
Issue for Missouri Power & Light plant declared legal n472
Los Angeles—smaller issue to go before voters n587
Many bond issues approved at the polls. n783
Moffat tunnel bond dispute to go to Supreme Court n379
More public works e755
Niagara Falls voters defeat proposal.. n628
Perspectives and bond issues..... e278
Phoenix votes in favor of issue..... n71
San Francisco:
Municipal power issues defeated.... n379

BOOK REVIEWS

Accounting for depreciation of school buildings (G. S. Murray) 624
Allgemeine baubetriebslehre (V. M. Soeser) 624
American industry and commerce (E. D. Durand) 1020
Applied mechanics (F. N. Weaver) 107
Bacteriology (Stanley Thomas) 106
Calcul graphique des poutres continues a palees solidaires a fibres moyennes rectilingnes, brisees ou courbes (Bela Enyedi) 105
Cost finding for engineers (Clarence Reitell) 465
Dependability of the theory of concrete arches (Hardy Cross) 303
Engineering (A. P. Gest) 622
Engineer's year book 1019
Estimating construction costs (G. Underwood) 622
Federal limitations upon municipal ordinance-making power (Harvey Walker) 624
Fiscal problems of rural decline (R. T. Compton) 819
Flood flows (Allen Hazen) 302
Foundations for human engineering (C. R. Gow) 815
Geology of underground water supplies (E. Imbeaux) 818
German cement makers and dealers.... 1020
German sludge-removal equipment (M. Pruss) 816
Handbook of English in engineering usage (A. C. Howell) 819
Heroes of the farthest North and farthest South (MacLean & Fraser).. 464
How Washington was planned (Eliz. S. Kite) 105
Idraulica (Guilio de Marchi) 464
Inspection of construction (A. T. Byrne) 817
Johnson's materials of Construction (Withey & Aston) 818
Laboratory tests of reinforced-concrete arch ribs (W. M. Wilson) 303
Legal elements of boundaries and adjacent properties (R. H. Skelton)... 622
Life expectancy of physical property (E. B. Kurtz) 815
Machine-made man (Silas Bent) 106
Mastering a metropolis (R. L. Duffus). 623
Materials of engineering construction (F. W. Roys) 107
Measurement of hydrogen-ion concentration (J. Grant) 817
Mechanical engineer's handbook (L. S. Marks) 303
Metalliferous mine surveying (T. G. Hanton) 304
Modern bridge construction (F. J. Taylor) 623
Die Nordischen Wasserkrafte 107
Objective type tests in engineering education (C. V. Mann) 817
Photo-elastic stress analysis (A. Mesnager) 820
Piping handbook (J. H. Walker) 1020
Planning and control of public works.. 464
Plant location (W. G. Holmes)..... 106
Port of New York in its economic rôle (G. Eyskens) 816
Principles of engineering economy (E. L. Grant) 304
Principles of real estate practice (R. D. Washburn) 108
Public borrowing (Paul Studensky) 465
Reinforced concrete constructions (I. S. Podolsky 466
Route surveying (G. W. Pickels) 816
Der Ruhrverband (Dr. K. Imhoff)..... 624
Secretary's guide to correct modern usage (C. O. S. Mawson) 623
Silting of reservoirs (T. U. Taylor)..1020
Skyscraper (Clark & Kingston)..... 819
Special assessment procedure (A. R. Burnstan) 819
Stahlbau (Otto Bondy) 466
Street lighting practice (W. Harrison and others) 820
Strength of materials (S. Timoshenko) .1018
Structural aluminum handbook..... 465
Successful control of profits (Walter Rautenstrauch) 467
Technical arts and sciences of the ancients (A. Neuburger) 1018
Termites and termite damage (S. F. Light and others) 817

*Illustrated: a, abstracts; e, editorials; l, letter; n, news

Text-book of the materials of engineering (H. F. Moore) 818
Town government in Massachusetts (J. F. Sly) 466
Travaux maritimes (P. Levy-Salvador) . 107
United Kingdom (H. Butler) 1021
Water action on concrete dams in Norway 1019
Water engineer's handbook and directory 466
Water power exploitation in Germany .. 107
Water supply and utilization (D. M. Baker) 304
Who's who in railroading 820
Wind bracing (H. V. Spurr) 301
Wind stresses in buildings (Robins Fleming) 301
Bricks and brickwork:
Reinforced brickwork e121
Reinforced brickwork used in much Japanese construction *142
Bridge abutments and piers:
Pneumatic caisson foundations for Japanese bridge. J. Masake *848

BRIDGE ACCIDENTS AND FAILURES

Arkansas state highway bridge span dynamited n431
Bridges insured in Alabama 463
Burrard Inlet bridge at Vancouver again damaged n507
German bridge fails n151
Maryland bridge collapse n*150
Peculiar case e714
Reward offered for Arkansas bridge wreckers n469
Tennessee bridge span falls during construction n110
Wreckage of Trotters Landing bridge in Tennessee n*270

BRIDGE CONSTRUCTION

Highway bridges in Monterey use steel H-beam piles. W. E. Emmett *764
Mid-Hudson bridge paved in alternate slabs to equalize cable loads *581
New Orleans plans approved by War Dept. n983
Projected Rip Van Winkle bridge n*1025
Reliability of cold-drawn bridge wire assured by recent test. L. S. Moisseiff .. *93
Winter concreting on a three-arch bridge. R. F. Rey *1004
Winter construction of concrete bridges on Ohio River Boulevard. Covell & Freeman *482

BRIDGE DESIGN

Beauty and safety e676
Lighting of bridges. M. S. Gilbert *682
Prizes offered for steel bridge design .. n1028
Wood, iron and combination trusses *811
Bridge engineering:
Brothers of the bridge. W. Atlee ..... l 664

BRIDGE ERECTION

Brazos River bridge—piledriving after concrete caisson is bottomed. R. B. Alexander *89
Channel span floated into place in Illinois River bridge. R. E. Havens *134
Derrick built of bridge members erects Brazilian bridge. M. de Araujo Carbalho *18
Dynamited Red River bridge to be rebuilt n585
Guy-derrick erection of steel bridges and viaducts *318
Kill van Kull bridge—closing a 1,652 ft. steel arch bridge 250 ft. off center .. *640
Mississippi River highway bridges, seven new *181
Silicon steel used liberally in 1,257 ft. continuous truss bridge. I. L. Pesses .. *572
Sydney Harbor steel-arch bridge erection *646
Tennessee construction delayed by bank failure n823
Timber falsework for suspension bridge tower erection *770
Tools for erection e316
Two bridge spans floated into place on Hackensack River *778
Bridge floors:
Chicago tests bridge paving n631
Welded trusses developed for bridge floor reinforcing. H. M. Bringhurst *8
Working stress of 1,200 lb. used for 39 ft. concrete slabs. C. H. Eldridge ... *981

BRIDGE RENEWALS AND REPAIRS

Expensive economy e439
Plattsburgh, N. Y. replacement *275
Reconstructing failed Bascule bridge over Hackensack River. C. H. Gronquist .. *613
Vancouver Bridge span to be replaced .. n704

BRIDGE STRESSES

Derivation of theories underlying mechanical methods of stress analysis. S. B. McCullough *489
Stresses under the Freyssinet method of concrete-arch construction. J. T. Thompson 291

BRIDGES

Allegheny County, Pa.—three bridges approved n31
Allegheny River to have temporary bridge *949
Ambassador bridge has welded truss reinforcement. H. M. Bringhurst *8
Arch:
Two great arches e639
Bascule bridge in Baltimore *674
Brick spandrel columns on French arch bridge n*865
Bull Creek bridge, Pa. *437
Burrard St. bridge in Vancouver—contract awarded n941
Burrard bridge, Vancouver, B. C.—work begun n1027
California to aid district in building bridge n382
Causeway to join Pt. Isabel, Tex. with Padre Is. n271
Chesapeake Bay bridge—committee appointed n590
Chesapeake Bay may be bridged n346
Clearances:
Ship against bridge e43
Concrete:
Arch Mississippi Bridge at Minneapolis 49
Chester River, Md.—replaces old bridge n*862
Double-deck bridge near Brest, France n*861
England to have four-tower lifting span bridge n824
Germany:
Trusses incline to connect at a single top chord n*786
Highway:
Bridges in Washington State *711
Bridge over Tennessee River n*149
Concrete deck-girder bridge in Kansas 80
Kittitas County, Wash.—widening three concrete *238
Seattle, Wash., bridge 351
Seven new Mississippi River bridges *181
Single-span steel and concrete New Jersey Bridge 80
Steel bridge in New Hampshire 120
Swing and fixed highway bridges in Florida *870
Holland tunnel route to have two new bridges n344
Hudson River:
Bridge at Poughkeepsie n*343
Fort Lee approaches n825
Kentucky's program approved by War Dept. n310
Kill van Kull:
Closure made on steel arch n587
Kill van Kull arch closed e559
Knoxville, Tenn.—contract awarded n543
Los Angeles reinforced concrete bridge .. *791
Louisville bridge has welded truss reinforcement. H. M. Bringhurst *8
Maine to build suspension highway bridge n151
New Jersey has three new bridges over Hackensack River n741
New York City:
Approaches to Hudson River bridge .. *991
Bids opened for Manhattan approach to Hudson Bridge n472
Hudson River bridge cable-spinning .. e241
Hudson River bridge cable-spinning. E. W. Bowden *242
Hudson River—bids opened for approach n112
Kill van Kull—closing a 1,652 ft. steel arch bridge 250 ft. off center *640
New Jersey approach and paving for Hudson river bridge *119
Niagara River bridges approved n344
Ohio River toll bridge *1031
Oregon highway bridge to be built by Freyssinet arch method *290
Pensacola, Fla. to have new bridge across Perdido Bay n382
Susquehanna Bridge to be completed this fall n*191
Sydney Harbor steel-arch bridge *646
Waldo-Hancock bridge n*380
Washington bridge at Providence dedicated n547
Railway:
Concrete cofferdam braces and a novel pile-pulling rig 936
Corrugated steel shells in bored holes form new type pier foundations on P. R.R. bridge *366
St. Louis and railroads agree to use of municipal bridge 214
Southern Pacific's bridge at Martinez, Calif. n*665
Texas-Mexico bridge started n151
Two bridge spans floated into place on Hackensack River *778
Zambesi River bridge 375
Ridge Road bridge, Rochester, N. Y. *79
St. Johns bridge, Portland, Ore.:
Cable erection n*942
San Francisco:
Bridge e160
Commission closes hearings n223
Golden Gate bridge as it will appear .. n*983
Golden Gate plans before War Dept. .. n73
Organized opposition develops to Golden Gate project n627
Route for San Francisco-Oakland bridge selected n191
Steel tower provides rigid base for drill at Golden Gate *92
Toll bridge operated at a loss n345
Soldiers and Sailors Memorial bridge dedicated at Harrisburg n382
Some current highway and highway bridge activities 502
Steel Arkansas bridge *438
Highway bridges that received awards n*225
Special steel reduces weight of 935 ft. girder bridge *253
Bridge with removable center span .. *196
Suspension:
Bids received for substructure of Bucksport bridge n189
Bridge cable-spinning operations e241
Erection of 276 ft. towers for Mid-Hudson bridge at Poughkeepsie. J. T. Martin *529
Hudson River bridge cable-spinning. E. W. Bowden *242
Menai Straits bridge being painted .. n*864
Ohio River suspension bridge 911
Royal Gorge toll bridge is popular attraction n311
St. Johns bridge at Portland, Ore. .. *770
Waldo-Hancock bridge at Bicksport, Me. *477
Toll bridges in operation total 296. P. K. Schuyler 880
Vincennes, Ind.—wood, iron and combination trusses *811

BUCKETS

Clamshell bucket operated by electric motor *78
Heavy-duty bucket loader *549
Self-feeding device on bucket loader *33
Buffalo:
Sewage-works proposed n668

BUILDINGS ACCIDENTS AND FAILURES

Causes of collapse. D. M. Oltarsh .... l 306
Five killed by collapse of N. Y. Building n586
Framework of gymnasium collapses at West Chester, Pa. n379
Higher but safer e277
Inspecting structures in service e81

BUILDING CONSTRUCTION

Buildings cracked by drought? W. J. Knight ..... l 896
Combination building design e834
Concrete in decorative effects—California Mausoleum. F. R. Wicks *102
Concrete distributed by two towers connected by adjustable chute *661
Costs of building effected by increased wages. J. C. Holman 654
Foundation of fourteen-story building replaced under basement floor *496
London building act of 1930. R. Fleming ..... l 859
New York to provide school for building inspectors n784
Office building demolished for extension to department store *370
Steel-frame houses. T. S. Rogers .... l 266
Welding field joints on a fourteen-story office building. J. T. Whitney .. *447
Will building slump break wages? n73
Wind-resistant:
Air leakage through building walls ... 699

BUILDING DESIGN

Auditorium at New Orleans *719
Earthquake-resistant:
Tests on concrete frame simulate effects of earthquake action on buildings *55
Roofs:
Auditorium trusses designed with polygonal web system. A. N. Van Vleck *680
Stadiums and auditoriums *716
Stadium houses classrooms. W. N. Woodbury *716
Stadium at Sacramento, Calif. *721
Stadium of timber at Miami. Feld & Levy *718
Wind-resistant:
Wind design on first setback-type building in Boston. S. W. Orr *173

BUILDING LAWS AND REGULATIONS

Balancing economy and safety e121
Column formula in New York building code. E. L. Ververr ..... l 148
Have we gone too far? e757
How building codes are progressing. J. A. Ferguson ..... l 663
Pacific Coast uniform building code adopted n589
Pittsburgh's building code. J. A. Ferguson ..... l 782
Building moving:
6,000-ton stone building moved 30 ft. to new location in Pittsburgh. Joseph White *212
Building repairs and alterations:
St. Paul's Cathedral, London, opened after repairs n310

BUILDINGS

Albany telephone building has rigid rectangular frame foundation. G. W. Glick *836
Boston:
Wind design on first setback-type building. S. W. Orr *173
Chicago:
Apartment with metal and glass walls n*224
Buckingham building combines steel and concrete framing *844
Steel used in Merchandise Mart. R. N. Macalister ..... l 506
Chicago World's Fair buildings under way n225

*Illustrated: a, abstracts; e, editorials; l, letter; n, news

Cincinnati:
Carew Tower—economy in time and material by concrete control. Hagy & Kennedy *850
Dallas, Tex. — highest all-welded office building *442
Germany "Round City" — tenement colony n*544
Governmental neglect e517
House—beginning of reform e597
House Office Building:
Contract awarded n944
New York City:
Chrysler Building n*114
Church and residential hotel. A. N. Van Vleck *690
Empire State Building e480
Empire State Building — height increased n190
Empire State Building—planning and control permit erection of 85 stories of steel in 2 months.....*280
Fifth Ave. and 42nd St.—building in two zones requires special treatment 336
Freight terminal n*190
Macy's addition *370
Waldorf Astoria hotel n*381
Pittsburgh:
Largest all-welded building—Westinghouse laboratory. J. G. Ritter....*925
Skyscraper college n*588
Seattle Light Tower to be built.....n741
Temple to be built at Wilmette, Ill....n*269
Wilmington, Del.:
DuPont building, field-welded. Carson & McKibben *927
Bulkheads:
Cleveland, stone-filled pile bulkhead....*478
Bulldozers:
Attachment controlled by hydraulic jerk *514
Business:
Business and philanthropy e755
Common sense in dull times e677
Buy now versus sell now e913

C

CABLES
Bridge cable-spinning operations e241
Cableway installation for Owyhee Dam. *62
Cut to predetermined length for river crossing 7
Device buries electric cables without excavation *513
Fort Lee bridge cable-spinning. E. W. Bowden *242
Gaging car over Columbia River runs on 1,237 ft. cable span *858
Reliability of cold-drawn bridge wire assured by recent test. L. S. Moisseiff.. 93
Safety cable for lighting 350
Cableway over port of Barcelona.....728

CAISSONS
Deep caissons on Brisbane River bridge in Australia *459
Pneumatic caisson foundations for Japanese bridge. J. Masake *848
Silicon steel used liberally in 1,257 ft. continuous truss bridge. I. L. Pesses *572
Tubes in walls permit piledriving after concrete caisson is bottomed. R. B. Alexander *89
Canada:
Regulation of Canadian waters n784
Water surveys aid power development.. 138
Canadian Good Road's Association:
Convention n509

CANALS
Bay of Fundy and St. Lawrence Gulf may be joined n72
Belgian canal started n113
Beauharnois power plant on St. Lawrence River designed for full flow of the stream *916
Panama—dam and hydro-electric plant for zone n114
Welland canal e354
Welland ship canal built for deep draft vessels *356
Causeways. (See Bridges.)

CEMENT
A.S.T.M. meeting discusses 58
Dealer's discount abolished e941
Important new set-up for cement committee 576
Industry shows healthy unrest e1
Mortar and cement admixtures.....868
Quick-hardening cement simplifies detour problem *336
Steel and cement e913
Census Bureau ignores population claims of "Greater Atlanta" n344
Plan that failed e315
Chains—Drive chains made of new metal 156
Channels — Changing Chartiers creek channel *673
Straightened channel proposed as Mississippi flood solution *700

CHICAGO
City Council passes State St. subway bill n983
Cook County starts paving streets.....n473
Filtration for Chicago e755
Filtration—legal step toward n112
Goes underground e913
Lake shore protection work at Lincoln Park, Chicago *575
Park and bridge work.....n742
Port Commission organized n1023
Property owners and officials agree on subway n1024
Public works projects n267
Report charges highway wastes in Cook County n151
Sanitary district reports e3
Structural design of Chicago's subway. .*932
Suburban towns to have water company n31
Tax troubles again e995
Traction plans under way.....n589
Traffic congestion 205
Water certificate sale depends upon court decision n631
Water certificated sale upheld by court n1024
Chimneys—Five concrete stacks demolished by burning and blasting. W. B. Hartshorn *264
China — Sanitary conditions in China. C. E. O'Rourke .....l *185

CITIES
Civil engineers at St. Louis meeting discuss basic problems of a large city 577
Dallas adopts city manager government n665
Dallas to vote on city manager plan...n188
Detroit city planning commissioner resigns n380
Financial statistics of city government for 1928 536
Montreal creates commission to pass on city improvements n900
New York City planning commission voted n72
Problems discussed at Richmond.....657
Replanning cities e561
Seen in twin cities.....571
Tasks of growth e277
Wilmette to have city manager.....n71

CITY PLANNING
Canberra, Australia's new capital.....*876
Discussed by American Society for Municipal Improvement 657
Montreal appoints commission n1025
New municipal advance e794
New York Regional plan reports on traffic congestion n862
New zoning law for Los Angeles. D. M. Baker 891
Philadelphia has fifty-year planning project n826
Thought for the future.....e834
Civil engineering e518

CLEVELAND, OHIO
Progress of highway improvements under regional plan. J. G. McKay.. *24
Regional problems 133
Regional problems discussed by civil engineers 98
Clutches—Industrial clutch *1029
Coal—washing plant to be built at Clairton, Pa. n382
Coast erosion and protection—Lake shore protection work at Lincoln Park, Chicago *575
New activity in coast protection.....e480
Cofferdams—Concrete cofferdam braces and a novel pile-pulling rig.....936

COLORADO RIVER
Awaiting final decision e834
Bouder Dam:
Appropriation cut n945
Bids to be called for.....n785
Black Canyon surveys n189
Civil service examination for work..n226
Congress clears way for construction n28
Constitutionality of Boulder Canyon dam act is challenged.....n585
Contract awarded for railroad.....n469
Hoover Dam e994
Obstructionist tactics e197
Plans ready for bidding.....*1011
Supreme Court accepts Arizona's suit n628
Work begins e43
Engineer suggests contract n703
Losing nerve? e638
Parker route recommended for aqueduct.*854
Columns — Combining steel and concrete framing to effect economy.....*844
Crane runway columns reviewed. Robins Fleming *369
Formula in New York building code. E. L. Verveer .....l 148

COMPRESSED AIR AND AIR TOOLS
Air compresser *349
Air compressor, portable air-cooled....*947
Air-cooled compressor mounted on skids or wheels *633
Gas prevents air lines from freezing..*77
Portable compressor *746
Small compressor unit patterned after larger sizes *475

CONCRETE
A.S.T.M. meeting discusses 59
Articulated — concrete revetment construction on the Mississippi River. M. W. Gilland *996
Belt conveyors place concrete for large foundation slab. J. B. Bray.....*774
Cableway installation for Owyhee Dam *62
Careful finishing gives unusually smooth concrete pavement *56
Cement-macadam and concrete roads in Europe *850
Cinder concrete e676
Cinder concrete. M. E. Capouch.....l 739
Cinder concrete barred by many cities. H. C. Toensfeldt .....l 148
Cinder and sulphur. V. R. Covell...l 1022
Concrete road-building methods for street paving. W. E. Barker.....*491
Corrosion of concrete in Chicago.....e197
Decorative effects in concrete California Mausoleum. F. R. Wicks.....*102
Design:
Solving rectangular concrete members subjected to bending and direct stress. L. C. Maugh 722
Circular tank of reinforced concrete. I. L. Rasmussen 923
Distributed by two towers connected by adjustable chute *861
Economy in time and material by concrete control. Hagy & Kennedy.....*850
Full-circle section of 17 ft. tunnel lined in single pour *810
Horseshoe sewer developed in Richmond *937
Lightning strikes concrete pavement in Georgia. S. B. Black.....*528
New series of tests compares beam and control-cylinder stresses. Slater & Lyse *95
Pavement — curing methods compared on Parkway drives. W. F. Welsch... *90
Pneumatic caisson foundations for Japanese bridge. J. Masake.....*848
Rigid rectangular frame foundation for Albany Telephone building. G. W. Glick *836
Scheduling reinforced-concrete beams and joists. W. R. Nelson.....*147
Shield-driven tunnel has hexagonal concrete liner blocks *771
Shield tunnels with precast-concrete block lining N. Y. subway construction *796
Strength tests of frozen concrete. R. W. Murphy .....l 186
Twelve-month construction e479
Two high concrete records.....n987
Vibrating concrete forms. J. B. Girand.l 222
Water required for concrete paving exclusive of curing. E. A. Moritz.... 172
Winter concreting on a three-arch bridge. R. F. Rey *1004
Winter construction of concrete bridges in Ohio River Boulevard. Covell & Freeman *482
Winter-laid 10,000 lb. concrete on Chicago viaduct. A. R. Lord.....*258
Working stress of 1,200 lb. used for 39 ft. concrete slabs. C. H. Eldridge.*981

CONCRETE AGGREGATES
Batcher proportions aggregates for small jobs *34
Overheating of aggregates found detrimental to concrete. W. H. Bachelder 973
Weighing device for aggregates.....*475

CONCRETE MIXERS
Paving mixers hitched tandem reduce time per batch. W. E. Barker.....*146
Mixer-conveyor body *947
Rotary pressure mixer basic unit in St. Louis asphalt plant *377
Two portable plants supply concrete for Indian dam *633
Weighing batcher attachment *710
Concrete proportioning and mixing—Operating procedure in vending truck-mixer concrete. M. N. Clair.....*46
Ready-mixed concrete control e44
Concrete Reinforcing Steel Institute—Reports satisfactory year n703
Concreting plants—Operating procedure in vending truck-mixer concrete. M. N. Clair *46
Conduits—Constructing large concrete conduits for River des Peres drainage. W. W. Horner *296
Shield-driven tunnel has hexagonal concrete liner blocks *771
Conference of State Sanitary Engineers—Discuss policy questions n742

CONSTRUCTION
Allegheny County construction going on 57
Bottlenecks e914
Costs are low! e713
Due for upturn in next 6 months.....n153
Emergency fund voted by House of Representatives n941
House construction methods — gigantic undertaking e517
Looking ahead e440
Louisiana adopts $100,000,000 program n631
Practical gifts e993
Prices of structures are low.....537
Profiting by low costs.....e517
Public works in New Zealand. H. E. Babbitt *966
Rapid construction e479
Safety still lags e353
Stabilization through public works..... e1
Time to build e45
Uniform lien laws e44
West Coast electrical companies plan many projects n308
Winter:
Concrete bridges on Ohio River Boulefard. Covell & Freeman.....*482
Winter. (See also Bridge Construction and Concrete.)
Construction equipment — Exports for 1930 .....n987
Construction materials, current prices 38, 234, 390, 554, 750, 998
Grading Douglas fir timbers for structural uses. Chester Hogue.....*169
Volcanic ash construction work in San Salvador. R. C. Hardman..... 167

*Illustrated: a, abstracts; e, editorials; l, letter; n, news

Construction News,
Statistics:
Business side of construction 35, 231, 387, 551, 747, 905
Contracting:
Bids:
Backward cities e913
Fees for bidding? e884
Only inferior contractors shop for bids. S. F. Miller 1265
Public and private initiative e479

CONTRACTORS
Licensing contractors to restrict competition. E. T. Thurston 1626
Licensing experience e197
Losing nerve? e638
Loss from delayed acceptance. H. T. Welty 1940
Prequalification e44
Prequalification of contractors. H. Swart 1663
Say what you mean! e794

CONTRACTS
Bureau of Contract Information e355
Cost-plus contract for River des Peres drainage canal. W. W. Horner *250
Fraud alleged in award of Canadian township contract n380
Next, let contracts e953
War Department has latitude in awarding contracts e901
Conveyors—Belt conveyors place concrete for large foundation slab. J. B. Bray .. *774
Handling earth by belts. W. F. Way .. *838
Twin spirals convey materials *386

CRANES
Air compressor attachment *990
Crane runway columns reviewed. Robins Fleming *369
English crane accidents and rules 769
Gantry crane in lumber terminal arc-welded. R. F. Bessey *688
Mounted on light tractor *1029
Shop crane built of strong aluminum alloy. Hartman & Hartmann *615
Trailer unit carries light shovel *829
Two-speed hoist line control *989
Crates—Containers carry hollow tile from factory to building n*550

CULVERTS
Developing a paved invert culvert pipe .. *846
Failures under fills. J. S. Lambie 1663
Failures under fills. M. G. Spangler .. 1663
Opinion on a culvert failure. J. S. Lambie 1186
Cyclones. (See Wind storms.)

Bridge River tunnel completed n190
Detroit-Canada vehicular tunnel n*110
Detroit's vehicular tunnel e675
Detroit-Windsor vehicular tunnel n*703
Explosions e121
Electric flashlights and tunnel explosions. L. C. Ilsley 1 148
Hetch Hetchy tunnel explosion n149
Hetch Hetchy work halted to install safety equipment n189
Geophysical study predicts rock conditions at Bridge River tunnel site. Carpenter & Leonardon *364
Hetch Hetchy work resumed n900
Holland Tunnel traffic n826
Moffat—light renewed to break lease. . . .n507
Moffat Tunnel Commission reorganized. . n786
New York City:
Plans for tunnels n509
Objects to term "vehicular" tunnel. L. F. Harza 1 782
Paris constructing auto tunnel n786
Railways:
Cleveland Union Terminal opened. . . n30
Moffat tunnel lease upheld by Circuit Court n943
One portal for tunnel n*346
Shield-driven tunnel has hexagonal concrete liner blocks *771
Western Pacific R.R. tunnel construction n*943
Service car *904
Sewer:
Southfield Road tunnel-sewer failures, Detroit, Mich. *15
Shield tunnels with precast-concrete block lining N. Y. subway construction. . . .*796
Thames River plans for vehicular tunnel n741
Tunnel lining e793
Tunneling innovation e756
Tyne tunnel for Twin Towns in England n1024
Water:
Full-circle section of 17 ft. lined in single pour *610
Water:
Los Angeles begins relining of tunnel. n631
Turbines:
Hydraulic:
Combining waterwheel types e755
Waterwheel types combined to overcome variations in head and flow. . .*758
Hydraulic for Russian power plant: . . .n*784
Typhoid fever:
Public Health Association convention . . 737

U

U. S. Government:
Federal engineering reorganization. K. K. Hoyt 485
U. S. Weather Bureau:
Data faulty. J. B. Lippincott 1 895

V

Valves:
Operating a 24-in. butterfly valve under a head of 223 ft. Clinton DeWitt. . .*460

VIADUCTS
Chicago viaduct, Wabash Ave. *393
Guy-derrick erection of steel bridges and viaducts *318
Injunction asked against Bath St. viaduct, Baltimore n382
Winter-laid 10,000 lb. concrete on Chicago viaduct. A. R. Lord *258
Working stress of 1,200 lb. used for 39 ft. concrete slab. C. H. Eldridge. . . .*981

W

Walls:
Heavy shoring braces earth bank during construction of wall. F. M. Hines...*582

WATER
Flow of water around bends. W. D. Mitchell 1739
Flow of water around the bends. D. L. Yarnell 1939
Hydraulic characteristics of flow of water around bends. D. L. Yarnell ..*376
Much the same e675
Surface elevations on curved streams. E. Godfrey 1859

WATER METERS
Meter-testing scale modified to meet A.W.W.A. specifications 229
"Sluice-head" a hydraulic unit. A. P. Flockart 1306
Small meter used for low flow in large water main *581

WATER POLLUTION
Contamination of water systems by consumers' water uses 141
Liability for impure water — Attorney General of State of New York 19
Oil Pollution committee named n943
Public Health Association convention... 737
Sewage in river causes suit against Columbus, Ohio n470
Water power (see Hydro-electric power and power plants) .....

WATER RIGHTS
Again in court e597
Clarification of water-power laws sought by Oregon governor n590
Commission declares water power not a property right n588
Connecticut disputes master's report on water diversion n631
Interstate agreements e160
